

WARRANTY

Surgically Clean Air Surgically Clean Air purification units come with a limited 1-year warranty against defects in materials and workmanship when used in compliance with its user guide: The filters inside the unit must be changed when indicated, with original Surgically Clean Air replacement filters according to the manufacturer recommended filter replacement schedule listed in the Surgically Clean Air's User Manual and on the Surgically Clean Air Website. Failure to follow this will void the 1-year limited warranty.

Surgically Clean Air's sole obligation under this warranty will be at its option to repair or replace the Product and the replaced Product will be warranted for the remaining period of the original warranty. Replacement Products may contain new or refurbished parts. This limited 1- year warranty does not apply to Products damaged by misuse, accident, electrical disturbance or normal wear and tear. The Product is not designed for or warranted against damage from use in areas subject to extreme temperature, excessive moisture, or other inherently hazardous environments. The limited 1-year warranty does not apply to any physical damage from dropping, moving, normal wear and tear, accidents, misuse, alteration, or insertion of foreign object(s). The Limited Warranty covers normal use only and does not cover replacement filters.

Clients are responsible for returning the unit to a Surgically Clean Air repair facility for in-warranty and out-of-warranty diagnosis and/or repair. If you do not have the original packaging, we can send you a replacement shipping box. Boxes for returning the unit are available for purchase and subject to availability.
